

At first it was in Rome, I was petrified
Kept thinkin' we could never live through walking side by side.
But then I crashed that first wild night
Although Daniela was a dump
My legs grew strong, and we just learned to get along.
And I'll be back, I'll own this place
And I'll walk slowly and finally do it right, I'll set my own darn
pace.

I'll book hotels with carded locks
And we'll throw out these ancient key
If we want pizza instead of seconds
We'll have it at the count of three.
We'll go and go, we'll tour some more
Just climb the steps now, and no more falling on the floor
Weren't you the one who tried to make me walk 10 miles?

Did you think I'd crumble?
Did you think I'd give up and die
Oh no, not I. I will survive
Oh, as long as I've foot blisters then
I know I'm still alive!

And I've got all my streets laid out,
And I've got all my maps stretched out.
So we'll survive, Yes we'll survive, hey hey
It took all the strength I had, not to fall apart
Kept trying hard to keep the pieces all together from the start
My God I spent most every night
Just feeling sorry for my feet, I tried to cry
But I could not 'cause I'm so dry
And you see me, somebody new
I'm not that desperate tired ol' tourist
Whom was known to you.

The kids are dancing while they're singing
It's now the time we do OUR gig.

Now we're saving all our energy
This number will be big
We'll go and go, we'll shop some more
Just wait and watch now

'cause we're the chaperone galore
Weren't you the one who tried to make me walk to Mars

Did you think I'd crumble?
Did you think I'd give up and cry?

Oh not not I, I will survive
Oh as long as I know Bill's in charge

No doubts we'll be just fine
And I will shop untill there's light
I'll have ice cream all day and night
We will survive, We will survive!

Go on now go, tape's on the the door
Just walk downstairs now

And we'll go party more and more
Weren't you the one who said it's time to say goodnight?

Did you think we'd crumble?
Did you think we'd give up the fight?

Oh no, not I, I have survived
And as long as we survived it, than we'll know we'll be just fine.

And we've got pictures here as proof
And we've got videos from the roof
That we've survived...yes we've survived!
That we've survived...yes we've survived!
