**12:30** Pompei  
 17:00  **Guided Tour**  
 a full day excursion to Pompeii. After arrival time for lunch.  
 14.00 - guided tour through the ruins  
 Pompeii, the famous Roman city that was destroyed by the volcanic eruption of Mt. Vesuvius in 79 A.D. Over the years, the memory of Pompeii and the surrounding cities faded into a vague legend about the lost treasure of la Citta ("the City"). Excavations did not occur, however, until the eighteenth century, and Pompeii itself was found during an excavation that

began on March 23, 1748. Portions of the site remain uncovered, and excavation and research teams are still attempting to reveal this mysterious city's secrets. Also visit the Amalfi Coast which is known for its rugged terrain, scenic beauty, picturesque towns and diversity.
